Both the articles in question contain anti-British sentiments. One is regarding censorship of news and the other about the relations between Britain and the Muslim countries. The Regulations for Press Censorship in War, 1938 contemplate only voluntary submission by newspapers, of articles or news items to the Press Adviser, for advice before publication. But if a particular paper publishes offending matter, action can be taken against it in the way of prosecution or confiscating or demanding security.- Vide paras. 8 and 9 of Section II of the Regulations. In the present case Collector has asked the editor of the paper to explain why he published such offending matter, and if the explanation is not satisfactory, the Resident can (1) take action against the paper under the Defence of India Rules, (2) demand security from it or (3) withdraw the permission granted for printing and publishing it. The receipt of the explanation may be awaited.

U/O Note.

Further to my U/O note d/17-3-42, the Editors of "Azad" (Urdu Daily) have been warned and advised by me. It may not be desirable to withdraw the permission granted to the paper at present, as it is the only Urdu Daily in the Station and an influential one. However, the paper is being watched closely. I am now holding a Press Conference every fortnight with a view to exercising closer control.

SIR,

Sub: "A z a d" -- Urdu Daily -- Insidious Political Articles.

I have the honour to enclose herewith for your information copies (translated into English) of two political articles, which appeared in the editorial columns of the local Urdu Daily, "A z a d", in its issues dated 10th and 11th October 1941, respectively. I am asking the Editor to explain, why he has published these anti-British sentiments.

The Daily "A a a d" dated ~~11th~~ 10th October 1941.

Today the London Correspondent of the "Hindu" in a lengthy lette has alleged that news reaching India is censored in England as well as in India. During the period of War, censorship on news is necessary, so that the enemy may not get an idea of the correct state of affairs and it may not distress the public. These are the two objects of censorship. So long as these two objects are observed, there is no cause for complaint by the new paper correspondents, as everyone wishes for the safety of his country. But, in the guise of censorship, if more restrictions are imposed there may be some unpleasant feeling among the public and the screening of news will be generally useless. There will be spreading of rumours in consequence. Every government must consider these points, but the Indian Government is fostering a weakness in her bosom. The Correspondent of the "Hindu" has written that what the London Censor Committee thinks unnecessa for India, the Indian Committee disallows it.

We cannot say anything more with regard to the War news, as it relates to army and war points. What cannot be said during War? Duri peace time what is considered as unauthorised and illegal, in war time it i considered as a sign of bravery and legal. When strangling of lakhs of human beings is considered legal, why not some news cut short could be considered as illegal? How could the screening of facts be considered illeg When deadly weapons of steel and explosives are used, why not the sweet poison of treachery be also used? Today, it is happening in the whole world. Human beings are adopting contemptible means for God's vengence.

Hence, more restrictions are imposed on news reaching India. The Correspondent of the "Hindu" has written that when the Ministry of Information was formed in London, the Information Minister-replying to a questio said that Indian Censorship should be equalized with that of Britain. As such, what is published in the English newspapers could be published in papers of other countries with liberty. Numerous words of news passed in London are completely eliminated in India and sometimes telegrams are completely censored. In Westminster, a National Press Conference was held, in which there were more than 1000 members. In this Conference, a resolution was passed: "News reaching India is completely confiscated, which is a matter of distress among the public. The people of India and the Dominions are

P.T.O.

---

invited for a supreme sacrifice in the war, but strict restrictions are imposed on their independence and Press. Hence, the Conference appeals for Press liberty in India and the Dominions". The public are aware of the Censorship on war news, but the British policy with regard to the English newspapers is unknown to India. The reason shown for this is that the enemy is making use of Indian points for propaganda purposes. How far is it correct that the enemy is unaware of the news published in London, but becomes aware of the news published in India?

---o---

*The Correspondent of the London newspaper, "Times", reports that owing to the activities of the Germans, the Governments of Britain and Russia have asked the Afghan Government to take necessary action.

11 h

The Daily "A z a d" dated ~~10th~~ October 1941.

It is regretted that from a few days rumours are being spread regarding Afghanistan. There is much anxiety in the whole Muslim world and also among the Indian Muslims. The relations between Britain and the Muslim countries were peaceful and during the present war, it is seen that they have tried to keep up strict neutrality. Events now show that they are also being dragged into the war to profit by their weakness. The treatment of Iran and other countries cannot be considered as just. When misfortune besets man, he commits mistakes in his perplexity, which will be below his dignity. The world knows that there is deep relationship between one Muslim and the other, and if anything happens to Muslims of one part, the Muslims of other part agitate. If lightning were to fall on Turkey, Iran, Iraq or Afghanistan and the Muslims of India did agitate, what else could they do? Their sorrow cannot be considered as a crime.

Already an arrow has been struck in the heart and the news regarding Afghanistan is like sprinkling salt on the wound. It is broadcasted from the Ankara Radio that owing to the activities of the Germans, Britain and Russia have asked the Government of Afghanistan to take necessary action. The official news agency of Afghanistan has refused and said that Afghanistan ~~and/said/that~~ is in good and friendly relations with the neighbouring countries. Nothing has been announced by the British Government nor any news received from Reuters. The news of transporting materials through Khyber Pass to Russia is also a matter of anxiety. There is no doubt that the Nazi activities in Iran and Afghanistan are dangerous to Britain and precautions are necessary. If we were in the place of Britain, we would have asked the Governments to take precautions. For example, if they did not heed to our demand, like British troops, we would not forcibly capture the country and trample their independence, but we would have treated them in such a way that they could not but have admired and the influence of the enemy in those countries would have automatically vanished. Some light has already been thrown on the results of this policy. History proves that we have done such acts before, which are even now remembered. But, it is regretted that the British Government is devoid of this policy.

P.T.O.

On the whole, Britain should ~~xxx~~ adopt a correct diplomacy with regard to Afghanistan. Before thinking of troops being ordered to march, as was done in Iran, it is doubtful whether the Afghans being different in character and proud, may not come into conflict, the effect of which will fall on the Punjab and the Frontier.

Sir,

With reference to your letter No.F. 83(2)/40 dated 2-11-1941 we beg to state as follows:-

1. As regards our Article of 10-10-41 (11-10-41) on the Press Censorship in India we have justified the policy of strict censorship on all matters connected with the War. We had only very mildly criticised the censorship of those criticisms and reviews which are published in English papers about the British policy as regards India. Besides, our article is far milder than the article on this subject in "The Hindu".

2. As regards the extracts about Afghanistan in our paper of 10-10-41 we have to state that these extracts were taken from "Zamzam" Lahore who took the news from "Inquilab" which is a Quasi Government paper of Lahore and "Rahbere Deccan" which is fully supported by the Government of Hyderabad. The tone of these articles is more in the nature of a suggestion or advise to the Government rather than of a criticism. We did not think that we were in any way infringing your advice in publishing these articles from the said papers.

3. We quite realise your anxiety in this matter. We assure you that it can never be our intention in anyway to publish any article which might embrass the position of the British Government.

We beg to remain, Sir,
Your most obedient servants,

The Honourable The British
Resident in Mysore,
BANGALORE.

SIR,

As a loyal well wisher of the British Raj I am obliged to bring the following facts to your kind notice with a view that needful action will be taken by you.

The Urdu daily newspaper AZAD has been attacking the Government of India most maliciously ever since it made its appearance. The paper is in the hands of two boys who have no position in the public and society and they are trying their worst to come to lime light by publishing sensational articles and vehement attacks on the British Raj, which the loyal subjects resent very much.

I think that so many objectionable articles of AZAD might have come to your notice by this time and now I am enclosing herewith a recent issue of Azad dated the 18th November 1941 and respectfully draw your kind attention to the leading article entitled "A great blunder" on page 2. The article is full of insinuation and direct attack against the British Raj. At a time when all of us are trying our best to increase War effort in as many ways as possible, the publication

(26

publication of such treacherous and highly poisonous articles, especially in a paper published in the area of a Military centre is deplorable indeed. --If you will kindly get the marked article translated into English by Mr. Mohamed Haneef or Mr. Mohamed Sheriff or by any able person, you will realise how much poison has been put in those lines.

On page 3 there is a bold head-line against Britain.

My object in writing this letter to you is nothing but to request you kindly to put a stop to such irresponsible and mischievous writings which are sure to poison and prejudice the minds of the general public against the Government of India and the British Commonwealth.

Yours most obediently,

A GREAT BLUNDER.

It has been the desire of every man to become as rich as possible. This has been the case even with nations and Empires also, and this is the reason why one nation is at war with another. The greater is the desire in this respect the greater is the barrier against the progress and peace of the world. This human weakness is very conspicuous among the western nations, it has led to the present day destruction and punishment. As the Germany of today upholds this doctrine Britain also is obliged to follow the same principles.

As India is not sufficiently strong to defend itself ~~the~~ the position of Britain has become helpless. To ward off the danger sacrifice of millions of men is being made. Britain knows full well that help of India is most needed now as this will make her task easy to a certain extent.

India and Burma are agitating for freedom. Their leaders are trying to make every effort to press the Govt. in several ways, such as members walking out of Assemblies observing 'Satyagraha' and preaching anti-war slogans and elsewhere forming their own parties. All this has culminated in an Indian leader joining the enemy. Britain is trying to check this progress of discontentment. Her anxiety is great because India is not actively supporting the cause of war.

India has declared that she will not support the cause of war until she is assured of freedom. Thus for Britain the time is such that even a gun seems to cost more than a cannon.

The Secretary

B A N G A L O R E.

Dear Sir,

May I take the liberty to draw your kind attention to a marked copy of the Daily Azad dated the 7th March, 1942, published from C.& M. Station, Bangalore.

A perusal of the marked portion of the enclosed copy of the Azad as also a scrutiny of the highly vituperative and anti British articles and headlines published in the previous numbers of that paper will convince you how they have largely tended to nullify our efforts to serve the cause of the war and make us small in the estimation of the Urdu reading public.

The Daily Al-Kalam which has been serving the cause of the Empire and the muslim community these nineteen years and as per resolution of the Working Committee of the All Mysore State Muslim League has been recognised as the official organ of the said organization. I write this to caution you that in case copies of the Azad were to reach the hands of the fighting men and others interested in war efforts the result would be disastrous to the cause of the Empire. I write this not to suggest the nature of the action that should be taken against such individuals but to inform you respectfully that our enthusiasm for the cause will suffer a decline to see such individuals and those connected with the Azad continue their discreditable activities against the cause of the war posing themselves as heroes to the detriment of those that have been trying their best to serve the sacred cause.

Yours very sincerely

The Daily "Azad" dated the 7th March 1942.

RUINATION OF THE COMING SPRING SEASON.

To ruin the remaining garden of Europe and ~~the~~ to destroy the inhabitants,not the autumn but Spring is awaited. To increase ruination, bloodshed and human barbarity this season is ~~xxxxxxx~~ awaited, which perhaps brings the message of ~~h~~xpectation and joy.

Many presumptions are given on the future offensive of Germany. Hitler in his last speech refusing to move his headquarters from Ukraine said that snow is melting; today, the Russian victories will,in fact,be their ruination. From these words, it appears that in the Spring season, he will attack Russia again. But, today also we think that after the season is favourable; Germany will not take the trouble of entering into the interior of Russia, but will be satisfied with the occupation of Ukraine and Causausus. The reason for this is that the Russian strength is so impaired that Germany has no fear from Russian attack today. There is no contradiction regarding German attack in the Middle East on the Allies. Reuter has informed today that Germany instead of launching an attack against Russia again in Spring may proceed towards the Middle East. During this period, in order to engage the Russians, 100 Divisions of German, Hungarian and Italian troops could be kept active. But, circumstances point out that to succeed in the Middle East, it is necessary for Germany to keep under occupation Ukraine and Caucasus. The Spring season is approaching near and German aircraft have begun appearing on the firmament of the Middle East. Bombing has started on Suez Canal and Alexandria. There is one information that an alert was sounded in Palestine also. Since a few days, Malta is heavily bombed and it is clear that in order to proceed towards Suez, Malta will be occupied, because this will prove to be a hindrance for the Axis supply ships from the Southern ports of Italy and Greece. Hence, a few days back news was received that ~~in~~ as in Crete, there will be an invasion of Malta and German troops, ships, parathutists and bombers are assembled in ~~Sxixi~~ Sicily and the Southern coast of Italy. In short, as soon

P.T.O.

soon as the bell of the spring season is rung, God alone knows, in how many places an alarm will be sounded. Our presumption is that Germans through Ukraine will drive towards the Caucasus. From Italy, Malta may be invaded. In Libya, General Rommel with his full force may attempt to drive the Allies from the Libyan borders and during this period Suez Canal may be heavily bombed. When the war in Malta and Libya reached its stage, then the Axis ships with troops may head towards Suez. There may be an entry in Egypt and from Caucasus and Mediterranean there may an attack on Islamic countries. Besides the occupation of Suez Canal, there may be an attack on Gibraltar. If the Germans were to succeed in these, the Mediterranean will be completely open to the Axis.

Now, let us come to the Far East. Today, almost all the places here have been occupied by Japan. Fighting is going on in the Capital of Netherlands in Java which is perhaps the last fight for Netherlands. After that, Japan's direction may be towards India. It also appears that Japan may capture some coastal places in India and may proceed to the Indian ocean; and German and Japanese troops may meet each other in some place near India. For the Defence of India, preparations are being made. General Wavell has been again been made Commander-in-Chief. One the whole, to complete the revolution in the world, spring season is awaited and which is approaching.

The Collector and District Magistrate,
Civil and Military Station, BANGALORE.

Respected Sir,

We, the undersigned, Citizens of Bangalore Civil and Military Station and Bangalore City beg to bring the few following facts for your kind consideration and early action.

There is a daily newspaper in the C.M.M Station Bangalore published in Urdu in the name of " A z a d ". This newspaper is edited and published by one Mohd. Ali Kamal, son of Choudri Mohd. Ibrahim, printed in Kouser Press in Ebrahim Saheb Street, close to the Commercial Street, C.& M Station. In the said newspaper articles are published very often casting aspersions against the followers of Ahmadia Sect. These articles are mostly contributed by Choudri Mohd. Ibrahim, a resident of Blackpally Road, Cantonment. This gentlemen happens to be the Father of the Editor of the Newspaper and is having a free vent to his campaign of Villification in the said Newspaper. Samples of the articles published by Choudri Mohd. Ibrahim in urdu are herewith submitted and the English translations of the same are also enclosed. From a perusal of these, it will be noticed how Choudri Mohd. Ibrahim has been exciting the feelings of the bulk of the

of the Mahomedan Community in the Civil and Military Station and the City by contributing these articles. One of his sons by name Muhammed Mustaffa Ghazi who is employed in St. Joseph's College as a Munshi is also delivering lectures in aid of his father, directed against the Ahmmadiyya Movement and its followers. The Azad Newspaper has wide circulation in the C & M Station and in Bangalore City and other parts of the Mysore State.

References are made in these articles to Qadian which is the seat of Headqaurters of the Ahmmaddiya Movement in India. It will also be noticed that highly insulting language and insinuations are used towards the religious heads of this Movement. From the language used in some of the srticles, it is clear that the object of the writter is to excite the ignorant mob against the Mohommedan Community to fall foul of the followers of Ahmaddiyya Sect and to punish them for following the Ahmaddiyya creed. In Bangalore Cantonment and City there are nearly about 200 persons following Ahmmaddiyya Creed and in other parts of British India, where are in all about 15 Lacs of followers. The followers of Ahmaddiyya Sect in Bangalore City and Contonment have began to feel that their lives and properties wil be in danger if the activities of Choudri Mohd. Ibrahim are not checked immediately. Some of the followers of Ahmaddiyya have had the misfortune o being persued by angery crowds who were inspired and infuriated by the utt ances and Newspaper contirbutions of Choudri Mohd. Ibrahim. It will be a easily seen that the language used by Choudri Mohd. Ibrahim in the Artiles -- copies of which are herewith submitted, easily comes within the purview o section of the Indian Penal Code. The followers of Ahmmaddiyya Movement living in the City and Contonement are all peaceful and law abiding and loyal citizens and they have been putting up with the campaign of Vilificat carried on in the "Azad" by this Choudri Mohd. Ibrahim, so long in the hope that he might improve, but the patient sufferings of the followers of the Ahmaddiyya Movement seems to be misconceived by the writter and he feels encourged to

encouraged to carry on his objectionable campaign of Vilificat more vigorously. We the undersigned followers of the Ahmadia Movement, feel that the limits of sufferings and forbearance have reached and it is very necessary to invite the serious notice of the Authorities to the mischevious activities of Choudry Mohd. Ibrahim.

We are ready and willing to come & give evidance at any time in regard to the matter we have herein reported to you. We humbly request you to take urgent steps to control the mischevious activities of Choudry Mohd. Ibrahim and his son the Editor of the 'Azad'. In the articles published in "Azad" of 28th July 1942 under the caption "The Aggressed Qadiani Sect the Kachi Maiman Community", copy and translation of which ar herewith enclosed, the following objectionable features may kindly be noticed.

In para 2, he calls our Ahmadia leader and prophe "the enemy of God". An other expression used in describing th aforesaid Prophet of ours, HIS HOLINESS MIRZA GHULAM AHMED as Maloon" is a highly insulting and defematory expression signi -fying apostate or rengade and enemy of God.

Para 3 is full of insinuation and innuendoss calc -ated to provoke the mass of Kachi Maiman Community.

In the

(42)

In the 7th para the writer throws a taunt on the Indian Public and to an extent on the Indian Government also when he says that India is a land of Infidels, if only it were Muslim like Afghanistan, Iran or Iraq, such a thing would have been set right soundly in a day.

Again in "AZAD" of 29th July 1942, there is a highly defermatory provocative article under the heading the Faith of the Mirzai's. In this article many things and views about the Mohammedan Faith are atributed to our Prophet which he never entertains or preaches. From a perusal of these (contd) small publication made by Sir Muhammed Zafrullah Khan, Judge of Federal Court of India, one of the ardent followers of Ahmadia Movement, it will be noticed that Mirza Ghulam Ahmed's tenets and principles are identically as were preached by the Prophet Mohmmed and Mirza Ghulam Ahmed does not make such extravagant claims regarding himself as his sought to be made out in the articles of Choudri Mohd. Ibrahim. It will thus be noticed that the said Choudri Mohd. Ibrahim and his son the Editor of"Azad" Muhammed Mustaffa are not animated by any bona fides of laudable motives but have been setting on foot the highly mischevious Propaganda in order to annoy and worry the Followers of Ahmadia Movement on the hand and the Kachi Maiman on the Other.

We the undersigned pray that you may be pleased to have the offend-ing Newspaper Articles seized, get them translated and enquire into the merits of the same and deal with Choudri Mohd. Ibrahim and his son the Edito of "Azad" according to law and see that these Mischeous Propaganda checkdd early.

Thanking you.

Translation from the Daily Azad ,Bangalore of the 28th July 42.

The Agressed Qadiani Sect and The Kachi Maiman Community.

(By Hazrath Chowdry Mahammad Ibrahim Sahib)

I hereby request my Muslim brothern in general and the Maiman Community in particular that you hav- might have deliberately known how in an abnoxious way Mirza Ghulam Ahmed Qadiani scandalise and used foul words to one Omnipotent the Almighty.

Oh ! my Kachi brothern - think over for God's sake,this enemy of God and the Holy Prophet , sometimes he became himself God,some time son of God, sometimes he betrayed himself as no one to exempli fy ~~XXXXX~~ Him, sometimes he became Mary and Jesus and sometimes he made Allah his co-companion (husband) and sometime he became wife of Allah and Allah copulated with him and thereby this aggressor became pregnant also. Show me now whether has he left any remnant of ~~Blas~~phemy in disgracing providence dignity. You are waiting for a second Apostate still more disgracing the Almighty. In my opinio from the time of the Holy Prophet Hazarath Mohammad (God's Peace be with him) not a single apostate who came in existence as false prophets might have uttered such blashemies ,while I advised you to keep aloof from the followers of so called Promissed Masiha - Prophet and Mujaddad and a great apostate,you always used to avoid with such vague responses " they are with our community and spiritual brotherhood". Wonderful indeed to see such spiritual brotherhood and community ?

My dear Kachi Maiman brothern ! Please show for God's sake, what you mean is right or up to the mark of certainty ? Are you justified in your statement and keep quiet with such a wise reply. Do you think that the 80 crores of Muslim Public in the World the believers of one God remain silent by giving such a dry reply saying " let them say what they say, they are our compa - triots. They are our brothern. They are from our community and of the same colour and the caste. If it be so,show me what would have been the condition of Islam.

Oh ! my dear Kachi Maiman brothern ! Not only a single apostate Prophet is born in Qadian,but there will appear eight more apostates in future. If God permits I will show you their names. Moulvi Sanaulla Sahib ,the Tiger of Punjab (May God bestow on him long life), Shah Ataulla Bukhari, the Great Moulvi and Mujahib and Zafar Ali Khan, the Herald of the World and the Nations found what an Apostate in Qudian has taken his

~~stence~~

and eradicting the roots of Islam and has been corrupting thousan of arthodox Muslims. These above moulvies seeing such havoc in Muslims in the world took up the cause of Islam in their hands and sacrificed their wealths and lives and their respects of their wives and children for God and His Holy Prophet's name. They announced to the Worlds Muslim Public his blasphemies and thus the Muslims in the World became very agile and cautious. Moulvi Ilyas Burni has in a shape of book compiled the whole blasphemies for the perusal of the Muslim Public in the world. Oh! My Kachi Maiman brothern ! realise what good the lovers and the believers of one God, they got ? They were drawn to the Courts and thrusted in the Jails and they were exiled and banished from their places. God's mercy on them, how boldly and bravely they stood stead fast in the love of their God and the Holy Prophet and they cared not the Worldly things for the sake of God and the Holy Prophet. The whole Ulmas of the Islamic World conjointly passed a religious ordinance (Fatwa) that Mirza Ghulam Ahmed Qadiani and his followers who believe him as Prophet may be treated as apostates and transgressors and further even proclaimed that any Mussalman who believes and keeps company with the followers of Mirza may be treated as Trans - gressors from Islam.

My dear Kachi Maiman brothern. India is a seat of infidels. If it were the seat of Islam everything would have been set right soundly in a day as it is done in Afghanisthan, Iran and Iraq. My dear brothern ,you treat this matter as a common joke and you are avoiding it . But be rest assured that this sort of evasive mentality and equivocating policy would not stand in your way on the day of resurrection. God will domineer on that day and will question you - where are those people who believed Mirza Ghulam Ahmed Qadiani as Prophet who proclaimed himself as His companion and had share in his Ominopotence and who disgraced His Prophet . He made them admitted in his community and brotherhood, the followers are the Prophet. Oh ! my brothern, do you think that you will be relieved of from such apologies and which you are placing before the Muslims of Bangalore. Never - certainly you will never get rid of such responses.

The blasphemies and the due malicious attacks made by this Aggressor and the Apostate (Mirza Ghulam Ahmed) against the Holy Prophet Hazrath Mohammed (God's Peace be with him) will be seen in my future issues.

" The Initial Faith of Mirzas"

To keep faith or to believe Mesiah Mauvood the Promised siha (May God's peace be with him) is essential one amongst for he who forsakes him (Mirza Saheb) forsakes Hazrath Mahammad be (May God 's peace with him) radically. Hazrath Masih Mauood (Peace be on him) himself declares , He who does not keep faith on me doe not keep faith on Allah and His Divine Messenger.

Mirza Ghulam Ahmad Apostate turned to be Ahmad Rasoolullah (Messenger of God).

******

Keeping faith on cancillation of the Risalat(mantle of Prophet ship) of Hazarath Mahommad (May God's peace be on him) none can have any concern now with Islam . So therefore he who does not accept Islam that Islam started out of a fresh religion is not considered to be true Mussalman. These are the principles of divine messenger Ahmed Allas's nabi of this day. So to say, to keep faith on Mirza Saheb's prophetship and his revelations practically dismuades and cancells the Kalma " La Ilaha Illalla Muhammudur Rasoolulla" and no one who recites this Kalma can be assumed to remain in Islam and the Kalma ' La Ilaha Illallaho Ahmad Nabiulla ", now is in vogue. The reciter of this Kalema is supposed to remain in Islam.

(Vide Akhbar Paigam Sulah dated 19-4-33)

While rejection of Mesih Mauood necessitates rejection of Allah and Holy Prophet Mahmmad (Peace be on him) this concedes so far to confession Mesiah Mauood by reciting the Kalema "La Ilal Illulla Mohammodur -Rasoolulla" so therefore he who rejects Masih Mauood and recites the Kalema " La Ilha Illallahu Mahammad Rasoolulla" does now claim himself to be a true Mussalman. So in the same way he who confesses to recite Kalema and simultaneous forsakes and not keep faith on some of the previous prophets and Divine messengers or on their other dogmas. I notice that lately you are publishing a lot of wild and erratic statements about food-control and A.R.P.

In the issues of 4th and 13th February, you have said in your editorial columns that "sale of rice has been declared unlawful" even before the introduction of the Ration Scheme and that applications sent by the public are being left unattended by office clerks, both of which statements are untrue. In the issues of 10th and 13th February, you have said a lot about the rice supplied being injurious to public health and Government's neglect of the matter. I may point out that the rice supplied far from being bad as alleged, has been the staple article of consumption among large numbers of the poorer classes in Mysore State. Else, it would not have been produced, if there was no demand for it. More over it is not always possible for us to get particular kinds of rice.

I warn you here that if you publish any more thing of this sort, I shall address the Hon'ble the Resident to withdraw the permission granted to publish your paper.

In the issue of 12th February, you have published the report about the coming Mock Air Raid under a grossly misleading and scaring headline, which the uneducated might easily mis-interpret. In this, you should have made it clear in the headline that it is only a practice instead of saying --"There will be sudden bombing of Bangalore and Madras - Warning will be sounded in Bangalore". I have advised you about this once before.

Please take this as a FINAL WARNING.

THE RESIDENCY,

BANGALORE.

17th July, 1943.

Appeal for Christmas Hampers for Troops Overseas, in Eastern Command and Ceylon, Xmas 1943,

Last year I issued an appeal for donations for the Christmas Hamper Fund and the result was very remarkable, the splendid total of over Rs, 21,000/ being subscribed. The innumerable letters of gratitude and appreciation received by the Civil and Military Station War Fund Association testified to the enormous amount of pleasure given to the recipients by the generosity of all in the Station.

Again this year I feel confident that a special appeal will bear good fruit from those Military Officers and the General Public who will be fortunate enough to spend the Xmas of 1943 in peace time conditions.

We have had appeals from the, Red Cross Commissioner for sick troops overseas and from the Adjutant General for fit troops and we also have to cater for the troops in Hospitals in and around Bangalore. This year it is necessary to make the appeal a good deal earlier than last year. This year owing to obvious reasons it is not considered possible to buy foodstuffs locally and make up standard boxes as we have been able to do in the past. Nonetheless the money is as important, if not more important, this year as last, and the Civil and Military Station War Fund Association have already guaranteed a sum of not less than Rs. 13,500.

I appeal for an even better total than last year.

All remittances should be endorsed ''Christmas Hamper Fund'' and will be acknowledged and they should be sent direct to the Honorary Treasurer, Civil and Military Station War Fund Association, Imperial Bank of India, Bangalore.
